DEPARTMENT ORDER

No. 06
Series of 2023

SUBJECT : IMPLEMENTING GUIDELINES OF THE SPECIAL AREA FOR AGRICULTURAL DEVELOPMENT (SAAD) PROGRAM PHASE 2 FOR FY 2023 – 2028

I. Introduction

The Special Area for Agricultural Development (SAAD) Program Phase 2 is a locally-funded project that provides agricultural and fisheries interventions related to rice, corn, high-value crops, livestock, poultry, capture fisheries, aquaculture, and postharvest prioritizing the poorest and most remote areas of the country that have not received support from DA/BFAR regular programs.

SAAD Phase 2 is developmental in nature and envisions to uplift its beneficiaries above the poverty line by providing them access to economic opportunities thus, improving their agricultural and fisheries activities and further transforming them into successful community-based enterprises (CBEs).

SAAD Phase 2 is reform-oriented since it is one of the major programs of the Department of Agriculture (DA) that provides social protection to the farmers and fisherfolk thus contributing to the reduction in poverty thru policy formulation, project documentation and livelihood provision. It is developmental and transformative in-nature where it aims to make the beneficiaries from farmer/fisherfolk producers to entrepreneurs.

It is designed to contribute to poverty incidence reduction in its covered areas thru its four (4) core components: a. Social Preparation, b. Food Production and Livelihood, c. Marketing Assistance and Enterprise Development, & d. Program Management. In addition, it improves the services delivered and enhances the performance of DA by serving and preparing beneficiaries not covered by its Regular Programs.

The SAAD Phase 2 aims to complement with the DA and BFAR Programs thru the “Small brother – Big Brother” concept where SAAD serves as the Small Brother that prepares beneficiaries to be productive, sustainable and attain requirements set by the other DA Programs. Once the beneficiaries achieve the program’s target sustainability, it shall then be endorsed to be recipients of the DA Regular Programs (Big Brother).

The difference of Phase 2 to Phase 1 primarily is on the covered areas. For SAAD Phase 1, the program covers 30 priority provinces (with 457 municipalities) based on PSA 2012 & 2015 Poverty Incidence among Families and Island Equity scheme. For Phase 2, the program shall cover 619 municipalities (in 66 Provinces). These municipalities are based on the 5th and 6th income class municipalities and top 1/3 poorest municipalities based on PSA Poverty Incidence 2018 full report (less BARMM).

The purpose of this guidelines is to provide direction on the totality of the Phase 2 implementation. It also highlights the importance and correlation of the program's four (4) components focusing on its contribution to the achievement of its objectives. SAAD Phase 2 is implemented to continue the Department's efforts to contribute in the poverty reduction of farmers and fisherfolks in the country by providing appropriate agriculture and fishery assistance in the form of livelihood packages.

II. Objectives

The SAAD Program Phase 2 aims to contribute in the reduction of poverty through the provision of agricultural and fishery interventions to the poor farming and fishing sectors.

Specifically, it aims to:

- Improve food production, household consumption and commercial purpose in areas of operation;
- Complement the DA banner programs in terms of beneficiaries and interventions; and
- Assist the beneficiaries in establishing community-based agriculture and fishery enterprises.

III. Program Framework – refer to Annex A

The program framework shall serve as the basis on the establishment of baselines and targets, overseeing progress and measuring success towards the achievement of its goal.

IV. Program Components

In line with Phase 1, these components are used to help develop its target beneficiaries from beneficiary producer to entrepreneurs.

The four (4) core components of SAAD Phase 2 are defined as follows:

1. **Social Preparation** – refers to series of activities that helps identify the basic and complex needs of its target beneficiaries that shall serve as the baseline for the beneficiaries' social and economic improvement relative to agriculture and fisheries. These activities encompass various needs assessment, profiling and capacity building activities.
2. **Food Production and Livelihood** – refers to agriculture and fishery goods and services provided to its beneficiaries packaged into a transformative livelihood project that allows the beneficiaries to develop into entrepreneurs.

3. **Marketing Assistance and Enterprise Development** – refers to market related activities that assist and support the provided livelihood projects develop into enterprises to sustain source of income and improve socio-economic status of its covered beneficiaries.
4. **Program Management** – refers to activities (both goods and services) procured, conducted and/or utilized by the program implementers in order to deliver quality and timely goods and services for its target beneficiaries.

The four (4) core components are categorized in terms of its end users/beneficiaries. External refers to goods and services provided to its target beneficiaries while internal refers to goods and services utilized by the implementers to facilitate external activities. These components are categorized as follows:

External:

- a. Social Preparation
- b. Food Production and Livelihood
- c. Marketing Assistance and Enterprise Development

Internal:

- a. Program Management

V. Activities

Each component has its major activities that shall be the basis for its implementation. These components are interconnected including its activities conducted.

Component	Sub-Component	Activities	Description
Social Preparation	Community Needs Assessment	Beneficiary Needs Assessment (BNA)	Identification and evaluation of Beneficiaries' basic needs in terms of agriculture and fishery related activities
		Participatory Rural Appraisal (PRA)	Identification and evaluation of Beneficiary and community needs in a systematic and wholistic approach
	Profiling and Geotagging	Beneficiary Profiling	Basic socio-economic information shall be sourced from RSBSA/ FishR
		Project Tagging	Tagging of projects implemented per beneficiary recipient
	Capacity Building	Organizational Development	Includes financial literacy, project and policy formulation/development

		Leadership Training	Role identification, complementation and supplementation
		Advocacy, networking and linkaging	Includes interpersonal skills development
	Capacity Development	Social Mobilization	Creation of Community-based Project Management Group composed of Beneficiary-leaders
Food Production and Livelihood	Livelihood Project	Livelihood Project delivery	Provision of Package of interventions
	Specialized/ Technical Training	Commodity Specific trainings	Provision of training related to the provided package of intervention
Marketing Assistance and Enterprise Development	Market Identification	Market Scanning	Market assessment vis-à-vis the projected enterprise to be established
	Enterprise Development Trainings	Enterprise related trainings	Provision of appropriate enterprise related training
	Market Linkages	Partnerships	Creation of linkage with public-private partnerships to support enterprise growth
Program Management	PMO Establishment	Hiring of Manpower	Placement of SAAD manpower based on organizational structure
		Capacity Building	Provision of appropriate training for hired PMO staff
	PMO Development	Policy Formulation	Crafting of policy related documents for the implementation of the program
		Capacity Development	Provision of appropriate systems and training to enhance PMO capacity to implement the program

VI. Indicators

Based on its components, the program identified indicators that would represent the measurability of success and failure of its project implementation. As such, the following are the major indicators used for planning, budgeting and M&E purposes:

Component	Indicator	Description
Social Preparation	Social Preparation activities conducted	Number of community needs assessment and capacity building activities conducted

Food Production and Livelihood	Livelihood Projects implemented	Livelihood projects provided to its target beneficiaries whether it is partially or fully delivered
Food Production and Livelihood	Specialized Training conducted	Technical training related to the type of projects provided in terms of commodity and nature of implementation (e.g., Rice Production)
Marketing Assistance and Enterprise Development	Fully established Community-based Enterprise	CBEs that are fully functional, can stand alone and do not need further hard interventions from SAAD. Functional refers to conducting marketing activities and is already income generating.
Marketing Assistance and Enterprise Development	Partially established Community-based Enterprise	CBEs that are functional but requires further assistance from SAAD to sustain its operations
Program Management	Program Management Office established	Established and functional organizational structure

VII. Coverage and Beneficiary Eligibility

The program identifies its target beneficiaries thru long listing and short listing. Long listing means that the selection of beneficiaries shall be based on target areas identified by the program in relation to poverty incidence. On the other hand, short listing shall be based on qualifications of possible beneficiaries.

A. Coverage – refer to Annex B

Long list shall be based on two (2) references:

1. Top 1/3 poorest municipalities based on PSA 2018 Poverty Incidence report and;
2. Income classification under 5th and 6th class municipalities (DOF Order No. 23-08)

Since BARMM is not directly under the Department of Agriculture, coverage of SAAD shall exclude municipalities from BARMM listed in the 2 coverage criteria.

Additional References

Upon municipal identification, the following may also be used as additional references for the selection of barangays:

1. Poverty statistics based on the Philippine Statistics Authority data (e.g. latest FIES and SAE)

Republic of the Philippines
OFFICE OF THE SECRETARY
Elliptical Road, Diliman
1100 Quezon City

2. Vulnerability of poor municipalities/barangays to natural hazards (drought and flood prone areas, typhoon belt, etc.) from LGU MDRRMO and BDRRMO.
3. Rainfed and coastal areas
4. Latest DILG issuances on high-risk areas relative to peace and order (ELCAC barangays)
5. National Nutrition Council (NNC) List of areas with high malnutrition incidence
6. Community-based Monitoring System (CBMS) data

B. Beneficiary Eligibility

For the short listing, the following criteria shall be referred in selecting beneficiaries from the long-listed areas:

1. **Group selection** – this means that the selected beneficiaries must be a formal group. Formal group refers to group registered at least under DOLE.

Likewise, the program may still cover individual beneficiaries but must be organized and formed into a formal group thru Social Preparation before receiving livelihood projects.

2. **Equal or Below Poverty Threshold** – within the eligible formal group beneficiaries, only members that are documented as equal or below the poverty threshold of their corresponding municipality may be eligible from the program implementation. This means that their individual income must be equal or below the suggested poverty threshold income in their corresponding areas.
3. **Non-banner recipient** – In the provision of livelihood projects, qualified beneficiaries may receive interventions from SAAD and other DA/BFAR Banner Programs that are not overlapping for at least 2 years. This means that interventions provided by SAAD may complement but not overlap the provided interventions of the Banner Program unless it was provided to the beneficiary at least two (2) years prior to its receipt from SAAD.
4. **DA Registration/Accreditation** – in compliance with the Department of Agriculture efforts in harmonizing farmer and fisherfolk registries, all identified beneficiaries must be included in the RSBSA prior to their project receipt. This means that qualified formal groups must assure that their members to receive from SAAD are RSBSA registered. In the cases that the qualified beneficiaries are non-RSBSA registered, the SAAD and RSBSA will assist these beneficiaries to assure their registration. For BFAR, the FishR shall be used as the official registration for qualified fisherfolk group members.

SAAD Phase 2 shall assist its beneficiaries to be accredited as Civil Society Organization (CSO) at the regional level.

C. Area Expansion

From 2024 onwards, the SAAD Phase 2 may cover additional municipalities as qualified on its long list and as proposed by the RPMSO. However, such expansion would require the following:

1. At least 90% of group beneficiaries have undergone Social Preparation thru Beneficiary Needs Assessment (BNA) or Participatory Rural Appraisal (PRA).
2. At least 90% of the group beneficiaries covered have fully received package of interventions before the 2nd year of implementation.
3. At least 50% of covered group beneficiaries are transitioning to processing/marketing on the target year of expansion. This means that the proposed projects must exclude production related interventions and must only focus on processing/marketing related aspects.

These above-mentioned requirements shall be evaluated and approved by the SAAD NPMO during the planning & budget proposal stages.

VIII. Mechanics of Implementation

The implementation process of the program revolves mainly on its components. However, there are other functions required within and outside these components that shall be the basis for the implementation process of the program. These shall be based on the following:

A. Organizational Structure

The organizational structure shall be based on the establishment of the Program Management Offices from the National, Regional and Provincial levels covered under SAAD Phase 2. These are defined as follows:

1. **National Program Management Office (NPMO)** – it is the lead PMO responsible on the overall direction setting, policy formulation, planning, budget and M&E activities of the program.

For the SAAD Fisheries, there shall be a BFAR National Program Management Support Office (NPMSO) that will serve as a support office for the DA NPMO which shall oversee the planning and implementation of all SAAD fishery related projects and activities.

2. **Regional Program Management Support Office (RPMSO)** – it is the PMO responsible to facilitate implementation on concerned provinces & municipalities covered by the program. It shall be the procuring entity of the

program relative to all planned internal and external activities both tangible and intangible.

3. **Provincial Program Management Support Office (PPMSO)** – it is the PMO responsible to assist the RPMSO in its implementation and assure that the intended goods and services are delivered to its target beneficiaries.

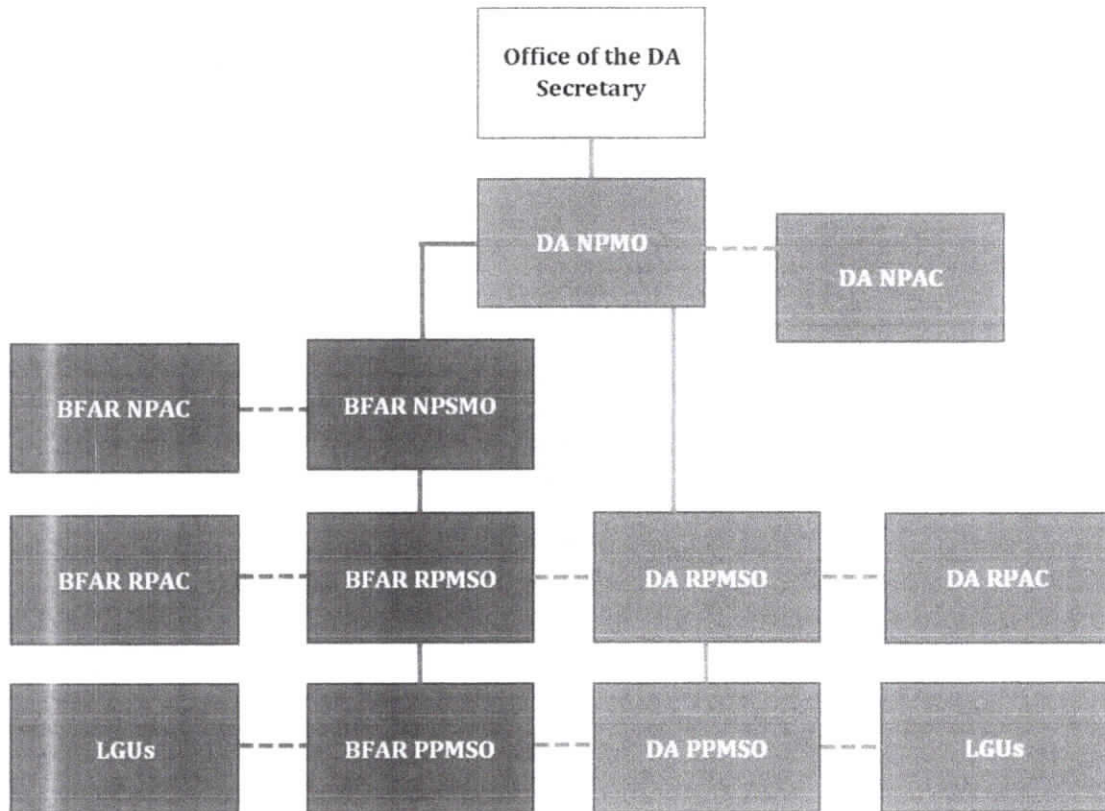

Figure 1. SAAD Phase 2 General Organizational Structure

Details of the organizational structure per PMO, specific functions & manpower requirement may be referred in the SAAD Phase 2 HR Manual and Department Orders on Operational Linkage and Collaboration & Advisory Committee.

B. Process Flow

In order to facilitate the implementation of the program, a process flow shall serve as a reference on the transitioning of various activities that relates to the core components of the program vis-à-vis the attainment of its objectives.

Republic of the Philippines
OFFICE OF THE SECRETARY
Elliptical Road, Diliman
1100 Quezon City

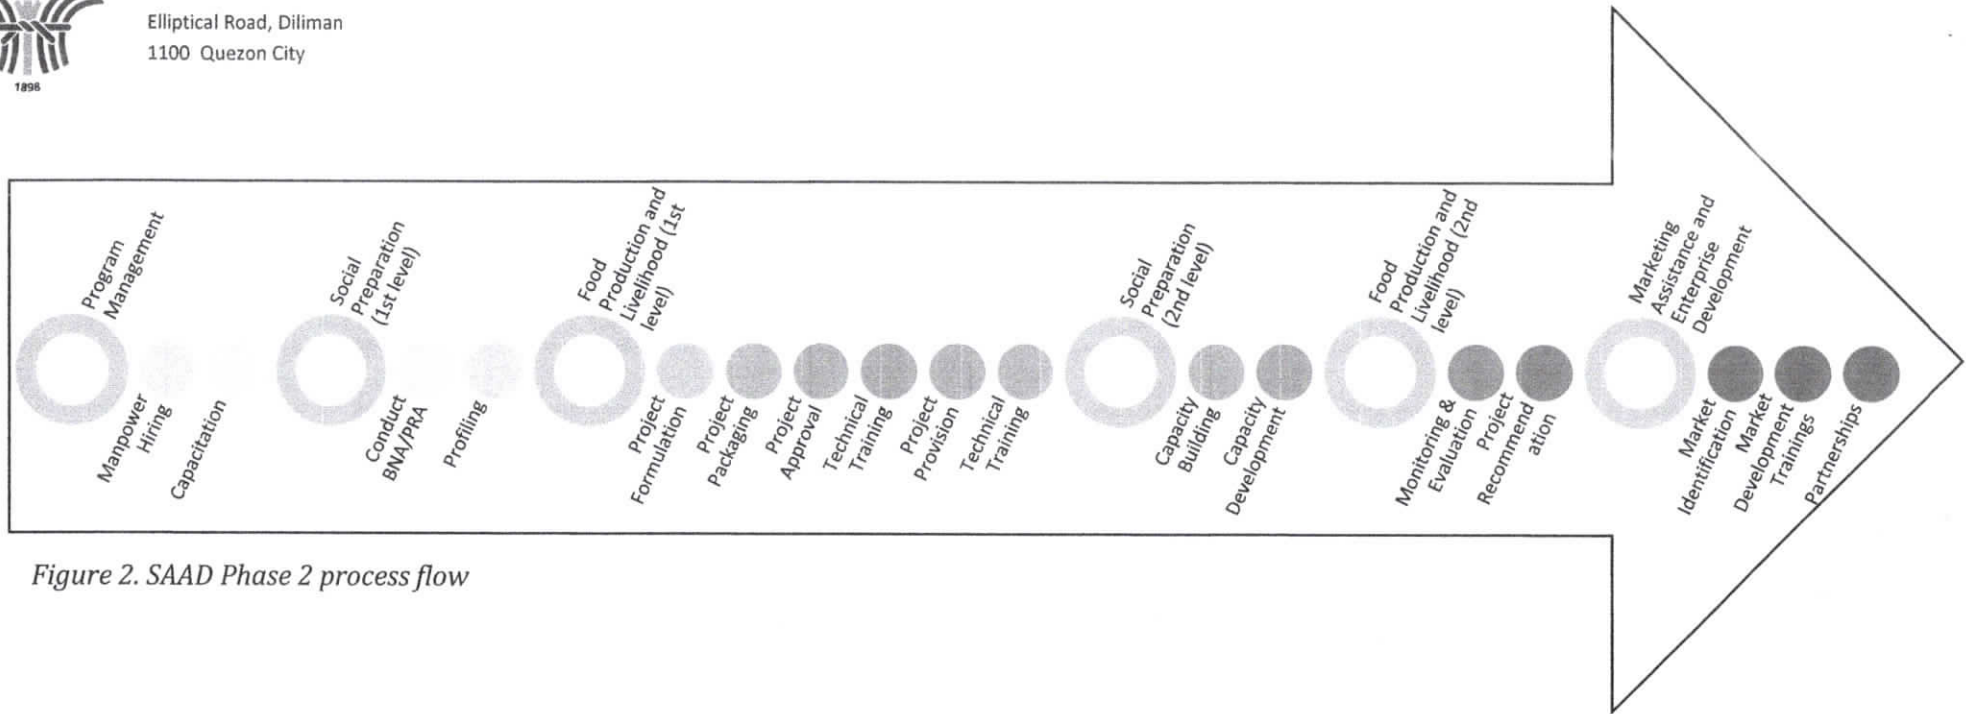

Figure 2. SAAD Phase 2 process flow

This process flow shall serve as a guide in the sequencing of activities from Program Management to Enterprise Development including major activities conducted. Support activities needed shall be encompassed within corresponding major activities.

Activities on the part of Social Preparation (levels 1 & 2) and Food Production & Livelihood (levels 1 & 2) may interchange or overlap. These adjustments shall be based on the following:

1. Project Technicalities – cropping calendar, climate considerations, adaptability, technical suitability and the like
2. Administrative concerns – government planning & budget cycle, delays in procurement, change in direction and/or management and the like

C. Project Inclusion and Exclusion

For SAAD Phase 2 beneficiaries, the three (3) external Components as cited in the component section of the SAAD Phase 2 shall serve as the basis of project interventions, both goods and services. As such, the following are the possible interventions that shall constitute SAAD Phase 2 activities and project deliveries:

Social Preparation Activities

1. Community Needs Assessment
2. Profiling & Geotagging of Beneficiaries
3. Capacity Building & Capacity Development

Food Production and Livelihood Activities

1. Rice Related Livelihood Projects

- ✓ Provision of Rice Seeds (Upland and Inbred)
- ✓ Provision of supplemental agri inputs (e.g., fertilizers, soil ameliorants, farm tools, etc.)
- ✓ Provision of small Production and Post-harvest related Rice Farm Machinery, Equipment and Facilities
- ✓ Specialized Training
- ✓ Marketing-related assistance/ Community-based Enterprise development

2. Corn Related Livelihood Projects

- ✓ Provision of Corn Seeds
- ✓ Provision of supplemental agri inputs (e.g., fertilizers, soil ameliorants, farm tools, etc.)
- ✓ Provision of small Production and Post-harvest related Corn Farm Machinery, Equipment and Facilities
- ✓ Specialized Training
- ✓ Marketing-related assistance/ Community-based Enterprise development

3. High Value Crop Related Livelihood Projects

- ✓ Provision of High Value Crop Seeds/Planting Materials (e.g., vegetable seeds, fruit trees planting materials, industrial crops, root crops, etc.)
- ✓ Provision of supplemental agri inputs (e.g., fertilizers, soil ameliorants, farm tools, etc.)
- ✓ Provision of small Production and Post-harvest related HVC Farm Machinery, Equipment and Facilities
- ✓ Specialized Training
- ✓ Marketing-related assistance/Community-based Enterprise development

4. Livestock and Poultry Related Livelihood Projects

- ✓ Provision of Small ruminants, Large Ruminants and Poultry animals
- ✓ Provision of supplemental livestock & poultry inputs (e.g., feeds, feed inputs/source, biologics, etc.)

Republic of the Philippines
OFFICE OF THE SECRETARY
Elliptical Road, Diliman
1100 Quezon City

- ✓ Provision of small Production and Post-harvest related Livestock and Poultry Farm Machinery, Equipment and Facilities
- ✓ Specialized Training
- ✓ Marketing-related assistance/ Community-based Enterprise development

5. Aquaculture Fishery Related Livelihood Projects

- ✓ Fingerling distribution
- ✓ Fishing Gears and paraphernalia
- ✓ Technology demonstration
- ✓ Cages for livelihood
- ✓ Postharvest equipment
- ✓ Marketing Assistance/ Community-based Enterprise development
- ✓ Specialized Training
- ✓ Seaweed Development
- ✓ Village-level Hatchery
- ✓ Nursery/Garungan Production

6. Capture Fishery Related Livelihood Projects

- ✓ Fishing Gears and paraphernalia
- ✓ Technology demonstration
- ✓ Provision of Payao
- ✓ Postharvest equipment
- ✓ Marketing Assistance/ Community-based Enterprise development
- ✓ Specialized Training

SAAD Phase 2 also allows diversification of crops, livestock and fisheries and provides integrated livelihood projects with crops, livestock and fishery production and postharvest-related projects based on the needs of its beneficiaries and approved based on its feasibility supported by the BNA/PRA results.

On the other hand, the **NEGATIVE LIST** for the SAAD Phase 2 implementation includes:

1. Farm-to-Market Roads (FMRs) – refers to any road network (e.g. gravel, concrete, etc.)
2. National and Communal Irrigation System – refers to irrigation systems facilitated by the National Irrigation Administration (NIA)
3. Regulatory related services – refers to any regulatory services, inputs and activities. (e.g. Laboratory equipment etc.)
4. Training Centers – refers to any structure establishment that shall be used for training and training related activities.
5. Multiple types of Livestock per project – refers to different types of livestock and/or poultry packaged in one (1) livelihood project in a single year to be received by one (1) group beneficiary.
6. Large Production and post-harvest machineries, equipment & facilities (Php2million and above per unit worth of PAEF)

IX. Duration

The SAAD Phase 2 shall be implemented from FY 2023 – 2028. If funds shall allow, an extension in 2029 shall be used to conduct an Impact Evaluation and transition activities.

X. Funding

As a locally funded project, the fund source for the program shall come from the General Appropriations Act (GAA).

XI. Monitoring and Evaluation

The SAAD Phase 2 shall use M&E tools and activities provided by SAAD to triangulate the effects of its implementation to its covered beneficiaries. This triangulation approach shall be used as the outline of its formulated M&E activities and shall be guided by the following:

A. Report Generation

The program shall use M&E report forms/templates provided by the NPMO as guided by DA operating units or as formulated by the SAAD NPMO based on its needs. In addition, the RPMSO may include their report forms/templates as additional basis for the regional M&E.

B. Site Validation

Both NPMO and RPMSO shall conduct M&E activities with physical area validation on the declared project sites. This shall serve as a basis to validate M&E and other relevant reports on the project implementation.

C. Feedbacking

All reports generated which includes both technical and administrative concerns will be raised, discussed and addressed by the concerned SAAD PMOs. This will serve as a venue to discuss the results of the M&E activities conducted in the office and ground level. In addition, the feedbacking will be the source of recommendations that will be used for policy and policy-related activities of the NPMO.

XII. Supplemental Guidelines

Supplemental issuances shall only come from the NPMO to clarify, repeal and/or supersede the existing SAAD Phase 2 implementing guidelines.

XIII. Phase 1 Transition

For the Phase 1 beneficiary transition, it shall be based on the following:

Republic of the Philippines
OFFICE OF THE SECRETARY
Elliptical Road, Diliman
1100 Quezon City

A. With Partially Established CBEs

The NPMO shall consolidate the final list of Phase 1 group beneficiaries with partially established CBEs as submitted by the RPMSOs. These Phase 1 group beneficiaries may not all come from the Phase 2 identified municipalities.

For 2023, this list shall be the basis of the SAAD RPMSOs to provide additional assistance relative to the full establishment of their target CBEs. However, provision of additional assistance shall be based on the availability of FY 2023 SAAD RPMSO funds.

This transition period will only cover FY 2023.

B. For Other Phase 1 Group Beneficiaries

Phase 1 group beneficiaries that were not classified with partially established CBEs may still qualify in the Phase 2 provided that they are covered within the Phase 2 identified municipalities and are in line with the beneficiary criteria of SAAD Phase 2 as stated in Section 7 of this guidelines.

However, these Phase 1 group beneficiaries must be evaluated by the RPMSO in terms of project management prior to their reselection as SAAD Phase 2 group beneficiaries (e.g. calamity affected projects in Phase 1).

Further, these beneficiaries must undergo all processes involved in the SAAD Phase 2 from Social Preparation to Marketing Assistance and Enterprise Development and achieve CBE establishment within the project timeline.

Assistance to these qualified group beneficiaries shall cover FY 2023 onwards subject to availability of funds.

For all Phase 1 RPMSOs, a transition plan must be provided to the NPMO for its covered Phase 1 beneficiaries.

XIV. Effectivity

This order including all its annexes and attachments shall take effect immediately upon approval.

Done this 14th day of February 2023.

DOMINGO F. PANGANIBAN
DA Senior Undersecretary

DA-CO-FOS-DO20230207-00002

SAAD PHASE 2 RBME FRAMEWORK

RBME		OBJECTIVES	INDICATOR	VERIFICATION	ASSUMPTIONS (both for agriculture and fisheries)
Goal*		To contribute in the reduction of poverty incidence of SAAD beneficiaries in the covered areas	% of SAAD areas with operational CBEs that decreased poverty incidence % of SAAD beneficiaries with operational CBEs that was lifted from the poverty threshold	NEDA Reports, PSA Reports, Commissioned Agency reports	CBE Beneficiaries are able to address other basic needs including non-agriculture activities
Outcome	Long Term	Improved SAAD CBE members access to food with increase in household food consumption and commercial purpose in areas of operation.	100% beneficiaries that established and expanded CBEs have increased basic food access and household farm incomes	SAAD M&E Reports	CBEs are still operational and increased scale of production
	Intermediate	Agriculture or fishery CBEs are profitable and for expansion	At least 50% of the total agriculture or fishery enterprises retained after a year of establishment are for expansion	SAAD M&E Reports	inputs used to produce raw materials are available and accessible volume of production increased market demand increased or expanded profit from CBEs are available for expansion
	Immediate	Agriculture or fishery CBEs are established and operational	At least 70% of the total agriculture or fishery CBEs supported by the program are self-sustaining a year after full establishment	SAAD M&E Reports	production of inputs/raw materials for enterprise are sustainable
			At least 50% of CBEs established are officially registered after a year from establishment	DTI registration, DA-AMAS registration	beneficiaries are capacitated in market-related activities
		Livelihood projects for agriculture and fisheries in target areas are established and operational.	At least 90% of livelihood projects are established and fully operational from receipt	M&E Reports (RBMERA report)	beneficiaries adopted technologies and practices provided
Output	Marketing Assistance and Enterprise Development implemented and established	At least 95% market studies conducted	M&E reports (BAR 1, Audit reports, Regional M&E report, Market-related reports)	available markets and stakeholders in relation to projects implemented are identified	
		At least 95% market-related training conducted			
		At least 95% Partnerships established			
	Food Production and Livelihood implemented	At least 95% of target Livelihood Projects implemented	M&E reports (BAR 1, FUR, RBMERA, Regional M&E report)	minimal calamities have stricken SAAD communities and procurement delays are minimized	
At least 95% of target technical/specialized training conducted					

	Social Preparation conducted	100% target capability building activities implemented	M&E reports (BAR 1, FUR, Audit reports, Regional M&E report, BNA Reports, PRA Reports)	PMO manpower are well capacitated in capability building activities
	Program Management established	100% PMO established and operational	M&E reports (Audit reports, Regional M&E report)	guidelines for human resource is approved and implemented
Activities*	Procurement documents processed and approved	Purchase requests generated and facilitated	Regional M&E Reports	office supplies used in document processing are available
	Manpower hired and capacitated	Required number of manpower hired and trained	Regional M&E Reports	qualified manpower are available
	Policy Guidelines disseminated	Implementing guidelines crafted and disseminated	Regional M&E Reports	meetings and consultations are conducted
	Profiling and databasing conducted	Beneficiary Profiles uploaded	RSBSA & SAAD IT data	required manpower and travelling expenses are met
	Community Needs Assessment conducted	PRA/BNA reports generated	Regional M&E Reports	capacitated manpower in BNA/PRA are achieved
	IEC materials disseminated	Reports and publications crafted and disseminated	Regional M&E Reports	Necessary data are gathered and processed
Inputs	Fund Allocation	Approval of budget proposal	GAA	Total requested budget is approved
	Interventions	Availability and accessibility of interventions to be procured	GAA	No delays in procurement process
	Supplies	Availability of supplies utilized in the PMO	APP/PPMP	Available, sufficient and accessible office supplies
	Manpower requirement	Availability and sufficiency of manpower	APP/PPMP	Available manpower based on org structure requirement

**Targets shall be based on the annual targets of the program as identified by the National Program Management Office and Regional Program Management Support Offices*
